PROFESSIONAL SUMARY

- As an Electrical Engineering Student, I possess expertise in circuit-designing, circuit simulation and Analysis , with slight knowledge and experience in fields of robotics and electronics.
- As a passionate Coding enthusiast, my core genre of work/target is Web Development as reflected from my projects and experiences, where I possess intermediate skills in Frontend , and currently engaged in learning Backend.
- My interests also lie in DBMS , DSA and OOPs and learning frameworks, api integrations and Machine Learning are my next goals
- Focusing on upgrading my coding skiils through practicing problems in Leet Code and Code Chef ; as well as engaging in Coding Contests and Code based Hackathons.

EDUCATION

Bachelor of Technology   **JUNE 2023 - Present**

Institute of Engineering and Management
- Majors: Electrical Engineering
- Minor : Cyber Security
- SGPA: 8.9
- Specialization: Frontend, OOPs , DSA , Backend, DBMS, Problem Solving

KEY PROJECTS

Electronics Based

- **BlueTooth Controlled Car -** IEM's Innovacion 2023 (Robotics)
- **Voice Controlled Home Appliances-** Mini Project 3rd Semester, Skill Strike 4.0 (Electrical)

Software Based

- **AI Surveillance Robot -** IIFR Lab Project (Domain : ML)
- **Sneaker Shopping static page -** Domain : Front End
- **Responsive Credit Card Form -** Domain : Front End

SKILLS

Java Script	Node js	HTML	Circuit Design
Java	Express	CSS	Pspice
Python	React	Github	MySQL

EVENT PARTICIPATIONS & VOLUNTEERING

- Participated in **KSHITIJ , IIT Kharagpur** - **Maths Olympaid, Source Code** : January, 2025
- Participated in **Innovacion** - **Project Exhibition :** January, 2024
- Participated in Skill Strike 4.0 - **Project Exhibition** : November, 2024
- Participated in **IEM MUN** - **UNCOPOUS** (Netherlands): September, 2023
- Volunteered in **IEMRE** conference : September, 2024
